

Are you an adolescent or young adult (age 14-26) who has experienced symptoms of depression or anxiety now or in the past? We need your help to design a social media site for young people!

Are you interested in a research study which allows you to anonymously learn from and talk to peers going through similar difficulties?

sova.pitt.edu

SOVA is a **secure, social media** site. It is **confidential and anonymous**, and **moderated** by mental health professionals.

Compensation will be provided.

Go to sova.pitt.edu and click register to get started!
