

Have you been diagnosed with **major depressive disorder** or **bipolar disorder**?

AND

Do you have a child **11-13 years old**?

If so, your child may qualify for the **Brain, Emotions, and Mind-Wandering (BEaM) Research Study!**

We are looking for children who:

- Have mood swings
- Have a **parent** with depression or bipolar disorder
- Do **not** have braces

What does the study involve?

- 2 **Assessments** of mood symptoms
- Online **Questionnaires** on your phone
- 4 **MRI** scans
- Attending an **8-week group**

You and your child will be compensated for participation

For more details, and to see if your child qualifies:
TEXT "BEaM Study" to 412-999-2758 or scan the code to complete the online screening
