

Have you been diagnosed with **bipolar disorder?**
AND
Do you have a child **10-15 years old?**

If so, your child may qualify for the **Brain Regulation of Emotions and Thoughts (BREATHE) Research Study!**

We are looking for children who:

- Have a **parent or sibling** with bipolar disorder
- Have **not** been diagnosed with bipolar disorder
- Do **not** have braces

What does the study involve?

- At least one **assessment** of mood symptoms
- **Questionnaires** online
- At least one **MRI** scan
- **OPTIONAL: 4-week Daily Mindfulness App**

Your child will be compensated for participation

For more details, and to see if your child qualifies:
